Dear Parents,

Each year parents ask what is needed for students when they return to school in September for school supplies. While the School Committee has voted a budget that provides general supplies to all students, some of the items listed for your child's grade level may be purchased for the start of school. We provide you with this list, as we know many stores run back-to-school sales beginning early in the summer and you may want to take advantage of these sales. Please know that all students will have everything they need for school supplies when they enter in September, but the items listed would be greatly appreciated by the classroom teacher to enhance their classroom supplies. Thank you for your continued support.
