**SNYNOPSIS OF FEDERAL CIVIL RIGHTS LAWS AND DISTRICT COORDINATOR INFORMATION
PUBLIC SCHOOLS**

SYNOPSIS OF LAWS

Title VI of the Civil Rights Act of 1964

Coordinator: Thomas Raab

1-781-878-5450

Statute prohibits discrimination on the grounds of race, color or national origin by recipients of federal financial assistance. This statute ensures that individuals are not excluded from participation in programs or activities receiving federal funds (or the benefits of) on account of their membership in one of these protected categories (42 USC S2000d). This statute has been interpreted to prohibit the denial of equal access to education because of a language minority student's limited proficiency in English.

Title IX of the Education Amendments of 1972

**Coordinators: Thomas Raab
Martha Zuther**

**1-781-878-5450
1-781-871-1122**

Title IX of the Education Amendments of 1972 provides that no individual may be discriminated against on the basis of sex in any education program or activity receiving federal financial assistance. Title IX requires that schools adopt and publish a policy against sex discrimination and have grievance procedures through which students can complain of alleged sex discrimination, including sexual harassment. State law requires Massachusetts employers to have a policy against sexual harassment (M.G.L. Ch.151B, S3A).

Section 504 of the Rehabilitation Act of 1973

Coordinator: Jane DeGrenier

1-781-826-2631

Section 504 provides that no otherwise qualified individual with a disability shall solely by reason of his/her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. The regulations implementing Section 504 require that public schools provide a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction, regardless of the nature of severity of the person's handicap (34 CFR104.33)

Americans with Disabilities Act of 1990

Coordinator: Joanne McDonough

1-781-878-0786

The regulations implementing the ADA provide that: "A public entity that employs 50 or more persons shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under this part, including any investigation of any complaint communicated to it alleging its noncompliance with this part or of any actions that would be prohibited by this part. The public entity must make available to all interested individuals the name, office address, and telephone number of the employee or employees designated pursuant to this paragraph." (34 CFR35.107 (a))

EQUAL EDUCATIONAL OPPORTUNITIES LAWS

Equal Educational Opportunities Act of 1974

Coordinator: Charles Egan

1-781-871-1122

This federal statute prohibits states from denying equal educational opportunities to an individual based on certain protected classifications including national origin. It specifically prohibits denying equal educational opportunities by failing to take appropriate action to overcome language barriers that impede equal participation by its students in its instructional programs. (20 USC S1203 (f))

Mass. General Laws CH.76, S5 (also known as Chapter 622)

Coordinator: Risa Mancillas

1-781-878-7228

This state law provides that "no person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and courses of study of such public school on account of race, color, sex, religion, national origin, or sexual orientation."

Title I of the Elementary and Secondary Education Act of 1965

Coordinator: Ellen Witter-Harrington

1-781-878-0786

Title I is designed to help disadvantaged children meet challenging content and student performance standards. Staff should know that special education students are not deemed ineligible for Title I services simply because they receive special education services. Also, school districts must ensure that Title I funds are not being misused (e.g. referring a limited English proficient student to a Title I program in order to meet the student's language needs rather than providing an ESL program/class).

SPECIAL EDUCATION

Chapter 688 (transition planning)

Coordinator: Ellen Witter-Harrington

1-781-878-0786

School districts file a Chapter 688 referral for students with severe disabilities who will need continued services and supports after their eligibility for special education ceases. School districts must make Chapter 688 referrals at least 2 years before the student is expected to graduate from school or turn 22 years of age. This allows time to determine the student's eligibility for adult services and for agencies to include the anticipated cost of services for the student in its budget request that it submits to the state legislature each year.

McKinney-Vento Homeless Education

The federal McKinney-Vento Homeless Education Assistance Act requires that school districts immediately enroll homeless student in school, even if they do not have the documents usually required for enrollment, such as school records, medical records or proof of residency.

Homeless students have a right to either remain in their school of origin or to attend school where they are temporarily residing;

Students who choose to remain in their school of origin have the right to remain there until the end of the school year in which they get permanent housing;

Students who chose to enroll in school where they are temporarily residing must be enrolled immediately, even if they do not bring the records usually required for enrollment with them; and

If a homeless student arrives without records, the school district's designated Homeless Education Liaison must assist the family and contact the previously attended school system to obtain the required records.

"The mission of the Hanover Public Schools is to guide every student to thrive in a global society."

**HANOVER PUBLIC SCHOOLS
MISSION STATEMENT**

Our goal is to ensure a quality education for our children by stressing high expectations for learning and behavior, by developing a desire to learn, and by offering challenging opportunities to acquire basic skills, as well as, opportunities to explore and grow in other areas. We strive to provide every opportunity for maximum student achievement and for recognition and stimulation of special talents in all students. In addition to a solid academic foundation, an observance of the ordinary and necessary rules of health and safety, the formation of quality work habits, and the development of positive social attitudes are essential to the educational well-being of our students.

We provide a supportive, caring environment that develops self-esteem, self-motivation, and a sense of responsibility. We utilize the best instructional practices and resources and we provide opportunities for the professional development of staff. We recognize that parents are partners in this mission and we invite them to join together with us for successful achievement of this mission.

ABSENCES

It is important that a student acquires the habit of regular attendance. A student who is absent must bring a note from his/her parents/guardian. Parents/guardians are encouraged to promote good attendance and to refrain from making plans, which will interrupt the educational process. When parents request assignments for absentees, they understand that this work will not replace a full day of teacher classroom instruction. A large percentage of elementary instruction consists of oral work and classroom participation. Students who have in excess of seven (7) days of unexcused absence in a six-month period (MGH Chapter 76, Section 2) will receive an attendance letter. If continued absences occur, the Hanover Public Schools Attendance Officer may be requested to intervene. Students are required to provide a note for all absences and a doctor's note for absences of more than five consecutive days.

BIRTHDAY/SPECIAL OCCASION BOOKS

Our Birthday/Special Occasion Book program is an excellent way to celebrate the world of books. Adding a book to the library is a wonderful way to acknowledge a birthday, holiday, special event, thank you, or in memory of someone special. For a small donation parents can give a book to the school library in the name of a child, teacher, or other special person. A bookplate on the inside cover will contain the name of the person honored, the date and the occasion. A note to the honoree will acknowledge your donation and thoughtfulness. Birthday Book forms are sent home in the beginning of the school year. For more information, contact your school library.

POLICY PROHIBITING BULLYING

The Hanover Public Schools is committed to maintaining a school environment where students are free from bullying and cyber-bullying and the effects (retaliation) thereof. Acts of bullying and cyber-bullying are prohibited:

- i. on school grounds, property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by the school district; or through the use of technology or an electronic device owned, leased or used by the school district and
- ii. at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by the school district, if the acts create a hostile environment at school for the target(s), infringes on the rights of the target(s) at school or materially and substantially disrupts the education process or the orderly operation of a school. Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying also is prohibited.

A. Definitions:

Aggressor(s) is a student who engages in bullying, cyber-bullying, or retaliation

Bullying is defined in **M.G.L. c.71, s. 370**, is the repeated use by one or more students of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a target(s) that:

- i. causes physical or emotional harm to the target(s) or damage to the target's property
- ii. places the target(s) in reasonable fear of harm to himself or of damage to his property
- iii. creates a hostile environment at school for the target(s)
- iv. infringes on the rights of the target(s) at school
- v. materially and substantially disrupts the education process or the orderly operation of a school

Bullying may include conduct such as physical intimidation or assault, including intimidating an individual into taking an action against his/her will; oral or written threats; teasing; putdowns; name-calling; stalking; threatening looks, gestures, or actions; cruel rumors; false accusations; and social isolation.

Cyber-Bullying is defined in **M.G.L. c.71, s. 370** is bullying through the use of technology or any electronic communication, which shall include, but not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-Bullying also includes:

- i. the creation of a web page or blog in which the creator assumes the identity of another person
- ii. the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated above in clauses (i) to (v), inclusive, of the definition of bullying the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated above in clauses (i) to (v), inclusive, of the definition of bullying.

Cyber-Bullying may include conduct such as sending derogatory, harassing or threatening email messages, instant messages, or text messages; creating websites that ridicule, humiliate, or intimidate others; and posting on websites or disseminating embarrassing or inappropriate pictures or images of others.

Hostile Environment is defined in **M.G.L. c. 71, s. 370**, is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of a student's education.

Retaliation is any form of intimidation, reprisal, or harassment directed against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Target(s) is a student against whom bullying, cyber-bullying or retaliation has been perpetrated.

B. Bullying And Retaliation are Prohibited & Will Lead to Discipline:

Hanover Public Schools absolutely prohibits bullying, cyber-bullying and retaliation as defined above. Students who engage in bullying or retaliation will be subject to disciplinary action; however, disciplinary action taken must balance the need for accountability with the need to teach appropriate behavior. The range of disciplinary action includes, but is not limited to, one or more of the following: verbal warnings, written warnings, reprimands, detentions, short-term or long-term suspensions, or expulsions from school as determined by the school administration and/or school committee, subject to applicable procedural requirements. Nothing in this policy is intended to prevent the school administration and/or school committee from taking disciplinary action against a student for conduct that does not meet the definition of bullying or cyber-bullying, as defined above, but nevertheless is inappropriate for the school environment.

C. Reporting Obligations:

1. Reporting by Staff

A member of school staff, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional, shall immediately report any instance of bullying or retaliation s/he has witnessed or become aware of to the principal, assistant principal, or designee.

2. Reporting by Students, Parents/Guardians, and Others

The district expects students, parents/guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal, assistant principal, or designee. An individual may make an anonymous report of bullying or retaliation, however, no disciplinary action may be taken against a student solely on the basis of an anonymous report. A student who knowingly makes a false accusation of bullying or retaliation shall be subject to disciplinary action.

3. Reporting to Parents/Guardians

Upon determining that bullying or retaliation has occurred, the principal, assistant principal, or designee will promptly notify the parents or guardians of the target(s) and the aggressor(s) of this. If the alleged target(s) and alleged aggressor(s) attend different schools, the principal receiving the report shall inform the principal of the other student's school, who shall notify the student's parents of the report and procedures.

4. Reporting to Local Law Enforcement

At any point after receipt of a report of bullying or retaliation, or during or after an investigation, if the principal, assistant principal, or designee has a reasonable basis to believe that the incident may involve criminal conduct, the principal, assistant principal, or designee will notify the local law enforcement agency. In addition, if an incident of bullying or retaliation occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in a local school district, charter school, non-public school, approved private day or residential school or collaborative school, the Superintendent of Schools or designee will notify local law enforcement if s/he believes that criminal charges may be pursued.

5. Reporting to Administrator of Another School District or School

If an incident of bullying or retaliation involves students from more than one school district, charter school, non-public school, approved private day or residential school or collaborative school and the Hanover Public Schools is the first to be informed of the bullying or retaliation, then the Superintendent of Schools or designee must, consistent with state and federal law, promptly notify the appropriate administrator of the other school district or school so that both may take appropriate action.

D. Investigation:

The principal, assistant principal, or designee shall investigate promptly a report of bullying or retaliation, giving consideration to all the circumstances at hand, including the nature of the allegations and the ages of the students involved. The following are general guidelines for responding to a report of bullying or retaliation. The guidelines will be adapted as necessary to respond appropriately to the complaint.

1. Pre-Investigation

Even before fully investigating allegations of bullying or retaliation, school personnel will consider whether there is a need to take immediate steps to support the alleged target(s) and/or protect the alleged target(s) from further potential incidents of concern. A reasonable effort will be made to contact the target(s) parents or guardians. In taking any such action, however, the rights of both the alleged target(s) and alleged aggressor(s) must be considered.

2. Written Statement of the Complaint

The principal, assistant principal, or designee will seek to determine the basis of the complaint, gathering information from the complainant, including such matters as: (1) what specifically happened, (2) who committed the alleged acts, (3) who was present or may have information about the events, (4) when the events occurred (date, time of day), and (5) where the events occurred.

It is helpful to have these facts in writing. If age appropriate, the complainant may be asked to put the complaint in writing and to sign and date it. If the complainant cannot or chooses not to write a complaint, the investigator will record the allegations, read them to the complainant to confirm accuracy, and

ask the complainant to sign the document. If the complainant cannot or chooses not to sign, the investigator may sign and date the document her/himself.

3. Interviews

Once the allegations of the complainant are established, the principal, assistant principal, or designee will gather other evidence, which often involves interviews of the alleged aggressor(s) and/or other witnesses. If appropriate, the principal, assistant principal, or designee should remind the alleged aggressor(s) and witnesses that retaliation against persons whom they believe might have reported the incidents or cooperated with the investigation is strictly prohibited and will result in disciplinary action.

4. Confidentiality

The confidentiality of the complainant and the other witnesses will be maintained to the extent practicable given the school's obligation to investigate and address the matter.

5. Determination

School personnel must weigh all of the evidence objectively to determine whether the alleged events occurred and, if they did, whether the events constitute bullying or retaliation. The determination must be based upon all of the facts and circumstances and the perspective of a reasonable person. When applied to children, the "*reasonable person*" standard is generally "that of a reasonable person of like age, intelligence, and experience under like circumstances." **See *Ellison v. Brady*, 924 F.2d 872 (9th Cir. 1991).**

If bullying or retaliation is substantiated, the school will take steps reasonably calculated to prevent recurrence and ensure that the target(s) is not restricted in participating in school or in benefiting from school activities. As with the investigation, the response will be individually tailored to all of the circumstances, including the nature of the conduct and the age of the students involved. In addition to taking disciplinary action, the following are examples of steps that may be taken to prevent the recurrence of bullying or retaliation:

- i. hold parent conferences;
- ii. transfer student's classroom or school;
- iii. limit or deny student access to a part, or area, of a school;
- iv. enhance adult supervision on school premises;
- v. exclude from participation in school-sponsored or school-related functions, after-school programs, and/or extracurricular activities;
- vi. provide relevant educational activities for individual and groups of students with guidance counselors and others in the school setting who have been trained in working with students on interpersonal issues may helpful in providing such programs
- vii. personalized action plan and directives for future conduct, to include; providing the target(s) with a process for reporting any concerns about future conduct immediately because it is critical to involve the student in creating an action plan that involves a reporting process that works for that particular student
- viii. arranging for communication between the parties, if appropriate, to assist them in resolving issues which have arisen between them. (such an approach will be used cautiously since communication can sometimes exacerbate, rather than alleviate, the target's concerns and since the conduct often involves an imbalance of power)
- ix. provide counseling (or other appropriate services) or referral to such services for the target(s) and/or the aggressor(s) and/or for appropriate family members of said students

E. Closing the Complaint and Possible Follow-up:

The principal, assistant principal, or designee will promptly provide notice to the parent/guardian of a target(s) and an aggressor(s) about whether or not the complaint was substantiated and, if substantiated, what action is being taken to prevent any further acts of bullying or retaliation. Specific information about disciplinary action taken generally will not be released to the target's parents or guardians—unless it involves a "stay away" or other directive that the target(s) must be aware of in order to report violations.

If appropriate, within a reasonable time period following closure of the complaint, the principal, assistant principal, or designee will contact the target(s) to determine whether there has been any recurrence of the prohibited conduct.

The district will retain a report of the complaint, containing the name of the complainant, the date of the complaint, investigator, school, a brief statement of the nature of the complaint, the outcome of the investigation, and the action taken.

STUDENT LANGUAGE FOR BULLYING AND RETALIATION

Hanover Public Elementary Schools is committed to maintaining a school environment where students are free from bullying, including cyber-bullying, and the effects of such conduct.

A. Definitions

Bullying is conduct that is repeated by one or more students and targets another student, causing one or more of the following:

- a. physical or emotional harm to the targeted student or damage to his/her property;
- b. placement of the targeted student in reasonable fear of harm to him/herself or of damage to his/her property;
- c. a hostile environment at school for the targeted student;
- d. infringement on the rights of the targeted student at school; or
- e. Material and substantial disruption to the educational process or the orderly operation of the school.

Bullying generally involves “picking on” a student over time and may include conduct such as hitting and shoving; pressuring a student into taking an action he/she does not wish to take; words that involve threats, teasing, putdowns, or name-calling; threatening looks, gestures, or actions; cruel rumors; false accusations; and social isolation.

Cyber-Bullying is bullying through use of cell phones, computers or other technology and may include conduct such as sending mean or threatening email messages, instant messages, or text messages; creating websites that make fun of, humiliate, or intimidate others; and posting or sending embarrassing pictures of others.

Hostile Environment is a circumstance in which the targeted student becomes so concerned about bullying that he/she is unable to participate in and concentrate on his school work and other school activities.

Retaliation involves a student “getting back at” another student because of a belief that the student reported bullying or provided information about it to an adult or others who may help the targeted student.

B. Acts of Bullying (including Cyber-Bullying) and Retaliation are Prohibited

The Hanover Public Schools prohibit bullying (including cyber-bullying) and retaliation as defined above under both at school and the following circumstances:

- on school grounds or any space next to school grounds;
- at the bus stop or on school buses or any other school vehicle;
- at any school-sponsored, or school-related activities, functions or programs;
- through use any school computers, internet connection or other school based technology;
- at a location or during activities that are not school related, or by using a private computer or cell phone, if the bullying creates a hostile environment at school for the targeted student, infringes on the rights of the targeted student at school, or otherwise disrupts the orderly operation of the school.

C. How to Report Bullying

Students who believe they are targets of bullying or retaliation, or who know about bullying conduct should report the conduct to the principal, assistant principal, or designee. Students may also report the conduct to a teacher, guidance counselor, or other school staff member, who will in turn report the incident to the principal.

D. Addressing Concerns Regarding Bullying

The Principal or his/her designee will be responsible for taking steps to investigate and otherwise address reports of bullying and retaliation. Students who engage in bullying will be subject to discipline by the Principal or Assistant Principal, subject to any procedural requirements. In making disciplinary decisions, the Principal/Assistant Principal will consider both the need for accountability and the importance of teaching appropriate behavior. The range of disciplinary action that may be taken includes, but is not limited to:

- verbal warning;
- written warning;
- reprimand;
- missing recess
- detention;
- short-term or long-term suspension; or
- expulsion from school

In addition to taking disciplinary action, the Principal/Designee will report conduct relating to bullying and retaliation to local law enforcement if s/he believes that criminal charges may be pursued.

Nothing in this policy is intended to prevent school staff and/or school committee (if applicable) from addressing and taking disciplinary action against a student for conduct that does not meet the definition of bullying/cyber-bullying or retaliation, as defined above, but that is nevertheless inappropriate for the school environment.

E. Closing a Complaint Regarding Bullying

In the event school staff determines that bullying or retaliation (as defined in this policy) has taken place, the principal or designee will, in addition to taking disciplinary action:

- Notify the parent or guardian of the aggressor

Inform parents of the targeted student of the steps that have been taken to prevent further acts of bullying or retaliation to the extent consistent with applicable legal restrictions.

Notify local law enforcement if s/he believes that criminal charges against the aggressor may be pursued.

BUS TRANSPORTATION

Bus transportation is available for all students. Each student is assigned to one bus, which services his/her residence. A request for a change of assignment may be made in writing to the principal. The bus transportation request form is available at www.hanoverschools.org. This request may be made for either a previously designated stop on the assigned route or a bus on another specified route within the same district. If approved a new bus assignment would replace the bus stop or the bus assignment on the route for the residence. Children should go home on their assigned bus and leave the bus at the designated stop. **Students may not ride a different bus.** Students who wish to get off their bus at a different stop may with a note signed by a parent/guardian and authorized by the school office. Otherwise, parents are responsible for transportation.

BUS CONDUCT

School buses are considered to be an extension of school. Therefore, school rules apply to bus behavior. Students are to approach the bus in an orderly fashion and only when it is completely stopped. There is no pushing or shoving while getting on or off the bus. There is no throwing of objects, objectionable language, bullying and/or disorderly conduct. Students will follow the rules and directions of the bus driver, including the assignment of seats. Students are expected to ride their designated bus to and from school. The bus driver will inform the school administration of any complaint or infraction of the bus rules.

CAFETERIA/LUNCH/SNACKS

Lunch is available to all students for a nominal cost. Orders for lunch are placed each morning. Students may also bring their lunch to school. All students may purchase milk. Applications and regulations

pertaining to free and reduced-price lunches are available in September and available on-line throughout the school year. The option of prepaying for lunches is available. Students who forget their lunch money may borrow from the cafeteria and repay the next day. All students are encouraged to bring a healthy snack each day. Parents are referred to the Hanover Public Schools LTA policy posted on www.hanoverschools.org

CELL PHONE USE

Students may have cell phones in their possession as long as they are turned off and stored in their backpack. Cell phone use is not allowed anywhere on school property during school hours. If a student needs to contact parents during the school day, he/she may do so from a landline in the main office of the school. Parents who need to contact their child should call the main office on the school line.

CHANGE OF ADDRESS/INFORMATION

Any change of address and/or telephone numbers should be provided to the school office in writing. Whenever a change in address or telephone number occurs, it is the parent's responsibility to complete a new emergency card and/or contingency form. When moving from the school district, parents must notify the school office in writing and complete a record release form. Please note that Hanover Public School policy does not permit non-residents of Hanover to attend Hanover Public Schools.

CONFERENCES

A close relationship between home and school is necessary for the educational development of children. Parents are encouraged to communicate with their children's teachers. Parents and teachers may request conferences at any time. Conferences are scheduled in October, March and June for the purpose of reviewing progress. Additional conferences with any member of the staff may be requested by calling the school.

CURRICULUM

Hanover Public School has curriculum in the core content areas that reflect the Massachusetts Department of Elementary and Secondary Education Frameworks. The Frameworks articulate a vision of teaching and learning in each discipline as well as content learning standards that outline the specifics of what Massachusetts' students are expected to know and be able to do at the various levels of their schooling. Core materials and resources are carefully selected to compliment curriculum implementation and assessment. Professional development includes a variety of activities including the important component of in-service time, which provides for professional growth of the staff in curriculum planning, implementation, and evaluation and instructional improvement.

DIGITAL TECHNOLOGY ACCEPTABLE USE POLICY

The Hanover Public Schools encourages the use of digital technology for completing educational assignments and professional responsibilities. The primary purpose of providing digital technology within the district is to support the educational goals and objectives of Hanover Public Schools. It is expected that all digital technology users will respect the rights of others, and will act in a way that reflects proper ethical and legal standards at all times.

The following Digital Technology Acceptable Use Policy (DTAUP) applies to all faculty, staff, students, community members and guests who use the district's digital technology or who access our network. Any violation of the terms spelled out below may result in loss of access to district digital technology and/or disciplinary/legal action.

1. Definition and Purpose

- 1.1. Hanover Public Schools provides access to its data network and Internet portal (the "network") for employees, students and authorized guests. This network includes all hardware used to deliver and receive data, as well as all software instrumental in viewing and working with data over the network. Any computer—whether purchased by the district or owned by an individual—that is connected to our network at any time is considered to be part of the network and, thus, is subject to the terms of this DTAUP.
 - 1.1.1. The network has been developed for educational purposes. It is intended to assist students and teachers by providing access to a wide range of information resources. The network also allows for efficient communication within the district, with parents, social service agencies, government agencies, businesses, et cetera.
 - 1.1.2. Incidental personal use of digital technology and the network may be permitted as long as it does not interfere with the educational mission of the Hanover Public Schools.

- 1.2. "User" refers to any staff member, administrator, student, community member or authorized guest who connects to the Hanover Public Schools' network, who uses digital technology belonging to the Hanover Public Schools or who accesses our network.
- 1.3. "Digital technology" is any device that creates, transmits, or accesses digital information, whether connected to the network or used in a stand-alone situation. "Digital information" or "digital media" is any data that is created, transmitted, or accessed by digital technology.
- 1.4. "Educational" refers to the process of teaching and learning that is tied to the curricula of the Hanover Public Schools and the Department of Education's Curriculum Frameworks.

2. Staff and User Responsibilities

- 2.1. The Director of Technology will oversee access to the network and will establish processes for authorizing software installation, for the archiving of e-mail and databases, for maintaining virus and spam protection, and for complying with the Children's Internet Protection Act (C.I.P.A.).
- 2.2. The building principal will maintain signed user agreements for students and staff; he or she is responsible for enforcing the DTAUP on-site.
- 2.3. When using the Internet for class activities, teachers will preview and select materials appropriate to the students and relevant to the course objectives. Teachers will help students develop critical thinking skills (i.e. assessing the reliability of information found on the Internet) and provide guidelines and resources to assist their students in focused research activities. Homework is assigned 3-4 week nights with the suggested minutes per night as follows: Kindergarten (10-15) Grades 1 and 2 (15-30) and Grades 3 and 4 (30-40). 1. Political affiliations or beliefs of the student or student's parent;

7. Religious practices, affiliations, or beliefs of the student or parents;
8. Income, other than as required by law to determine program eligibility.

b. Opt out of certain surveys and exams even if not federally funded. Parents and eligible students must receive notice of any of the following activities and have the right to opt out of them.

1. Any protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening that is required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law.

c. Inspect certain materials. Upon request, parents and eligible students have the right to inspect the following before the school district administers or uses them:

1. Protected information surveys of students;
2. Surveys created by a third party;
3. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes;
4. Instructional materials used as part of the educational curriculum.

*Notice of Rights. The Superintendent will arrange for direct notice to parents and eligible students of this policy at the beginning of each school year, either through the U.S. Mail or e-mail, and will provide updates within a reasonable time period after any substantive changes. The superintendent may also include notice of this policy along with other routine legal notices in one or more local newspapers.

* Notice of Activities. The Superintendent will arrange for direct notice to parents/eligible students at least annually at the beginning of the school year of the activities or surveys identified in the PPRA that the Hanover Public Schools anticipates conducting. The Superintendent will provide parents/eligible students with consent forms or the opportunity to opt a child out of activities, if applicable.

* Inspection of Materials. Parents or eligible students who wish to exercise their right to inspect surveys and instructional materials as identified in the PPRA may do so by sending written notice to the **Superintendent of Schools or School Principal**. The **Superintendent of Schools or School Principal** will respond to requests within ten calendar days. Opportunity for inspection of applicable materials will be provided at the school or district administrative offices.

* Protections of Student Privacy. The superintendent will insure that procedures are in place to protect student privacy in the administration of protected information surveys and in the collection, disclosure or use of personal information for marketing, selling or other distribution purposes.

Parents or eligible students who believe their rights under the PPRA have been violated may file a complaint within the district by contacting the Hanover Schools Administration Office. Complaints may also be filed with: Family Policy Compliance Office, U.S. Dept. of Ed., 400 Maryland Avenue SW, Washington DC 20202.

READING

Our comprehensive reading program is designed to teach students how to read, develop independence, and create a stimulating environment, which encourages them to read. We utilize a broad range of activities and events to accomplish our goals. Children are encouraged to always have a book in their desks for pleasure reading. At home, time should be set aside each day for reading. Activities such as visiting the library, sharing magazines and newspapers, and giving books for gifts help to increase the desire to read.

Teachers are encouraged to read aloud to their classes each day. Throughout the year guest readers and read aloud activities are featured. Children will learn to love reading and will become better readers if reading aloud is conducted at home. Reading aloud is most beneficial when a good book is selected, time is set aside each day, and if what is read is discussed.

Reading aloud is a very special and enjoyable way to spend time together!

SCHOOL CANCELLATION CONTINGENCY PLAN

Every family should arrange a contingency plan with their children in the event that school is cancelled after the children arrive. The details of your plan may be placed on a form, which you will receive at the beginning of the school year. Classroom teachers will keep copies of your contingency plans and remind students of your instructions if an emergency closing of school occurs.

SCHOOL COUNCIL

A school council is a representative, school building-based committee composed of the principal, four parents, three teachers, and community representatives, as required by the Education Reform Act of 1993. Our school council meets regularly throughout the year in open session and all members of our school community are invited to attend. The council assists the principal in adopting educational goals for the school, identifying the educational needs of students, reviewing the annual school building budget, and formulating a school improvement plan.

SCHOOL RULES

A positive school atmosphere is necessary to provide an effective educational program for each child. A good school climate is the result of the administrators, teachers, students, and parents working together.

In the Classroom Students are expected to:

- Speak in an acceptable manner
- Move in a careful way
- Follow directions
- Respect the property of the school, teachers, and others

In general, students are expected to behave in a way that promotes learning and does not interfere with teaching and learning. Parents will be notified when it is deemed necessary.

In the Halls Students are expected to:

- Remember that classes are in session
- Walk quietly and to the right
- Go directly to their destinations
- Respect the property of the school, teachers, and others

In general, students should be quiet, careful, and courteous in the halls. They should be considerate of classes that are in session and try not to disturb teachers and students who are working.

On the Playground Students are expected to:

- Play carefully, and in a manner that will not cause harm to self or others
- Use the rules of the games
- Follow directions

- Walk to their class line when the bell is rung or other signal is given
 - Respect the property of the school, teachers, and others
- In general, students are expected to abide by the rules of the playground, to cooperate with the teachers on duty, and to be considerate. Students who do not follow the rules may be required to remain inside during recess for a period of time to be determined by the principal.

In the Cafeteria Students are expected to:

- Pass through the serving area in a quiet, orderly manner
- Remain seated at their assigned tables
- Talk in an acceptable manner
- Respect the property of the school, teachers, and others
- Clear tables and place trash in the proper receptacles before leaving
- Listen carefully and line up quietly when the bell is rung or other signal given for dismissal from the cafeteria

In general, students are expected to abide by the rules of the cafeteria. Students reported for misconduct may be required to miss the lunch recess or to have lunch in another area designated by the principal.

On the Bus Students are expected to:

- Wait for the bus in an orderly manner
- Board and depart the bus only after it has fully stopped
- Cross in front of the bus
- Be quiet and orderly

In general, students should remember that the bus is an extension of the school. The same rules of good behavior, consideration, respect, and cooperation are always in effect. Students reported for misconduct on a bus may lose the privilege of riding on the bus for a period of time to be decided by the principal.

SEXUAL HARASSMENT POLICY

The Hanover Public School System, in accordance with the provisions of Title IX of the Education Amendments of 1972, prohibits discrimination on the basis of gender in educational programs and activities of the public schools. This policy applies to both educational and employment opportunities.

Hanover is committed to maintaining an educational atmosphere in which each and every student can pursue scholastic achievement and personal fulfillment. Sexual harassment is a destructive behavior that interferes with the educational process, and will not be tolerated. Sexual harassment is a violation of an individual's right to privacy and personal dignity. Students who engage in sexual harassment violate school policy. Students violating this policy will be subject to the Code of Discipline.

The purpose of this policy is to define sexual harassment, establish appropriate standards of conduct and set guidelines for recognizing and dealing with sexual harassment.

Definition

Sexual harassment consists of unwelcome sexual advances, requests for sexual favors and other verbal and physical conduct of a sexual nature, when such conduct unreasonably interferes with school performance or creates an intimidating, hostile, offensive, or uncomfortable educational environment.

Sexual harassment may include, but not be limited to:

- Unwelcome sexual advances - whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct; gossip regarding one's sex life; comments on an individual's body, comments about an individual's sexual activity, sexual orientation, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons, including inappropriate usage of computers/internet;
- Unwelcome leering, whistling, brushing against the body; sexual gestures, suggestive or insulting comments including but not limited to fag, homo, etc.
- Inquiries into one's sexual experiences;
- Discussion of one's sexual activities; and,
- Continuing to express sexual interest after being informed that the interest is unwelcome.

Sexual harassment is described by the victim. It may result from words or conduct that offend, stigmatize or demean a student on the basis of sex. The individual's feelings and reactions determine whether behavior such as that described above is inappropriate and that sexual harassment has taken place.

Suggested Procedure

1. Staff or students who observe conduct which violates this policy, are to report the conduct to their principal or guidance counselor.
2. If the individual does not desire to meet with the alleged harasser, the complainant is to meet with a guidance counselor and write a statement describing the incident. The guidance counselor should assist the individual in drafting a statement.

The statement should list the following:

- a. An exact description of the behavior, including when and where it happened;
 - b. A description of how the behavior made the complainant feel (embarrassed, humiliated, angry, etc.);
 - c. The statement should contain a request that the behavior stop because it is sexual harassment and is against the law;
 - d. The statement should be signed and dated by the complainant. The guidance counselor should deliver one copy of the letter to the alleged harasser. The counselor should then conduct a meeting with the alleged harasser to discuss and resolve the issue. A statement of resolution should be signed by the alleged harasser and the complainant. A copy of the statement and the resolution will be retained in the guidance counselor's office;
 - e. If the behavior stops, nothing further will be said and no further action will be taken, and the statement and resolution (above) will be kept confidential;
 - f. If the behavior does not stop, a formal investigation will be initiated by the administration.
3. In the case of serious harassment, i.e. physical harassment, repeated incidents of sexual harassment or other cases requiring a formal investigation, the following shall be implemented (retaliation in any form for the filing of a complaint or reporting of sexual harassment is prohibited and will result in serious disciplinary action):
 - a. Have a supportive staff member, advocate or member of the gender equity committee present with the complainant at all discussions regarding the case;
 - b. Keep the investigation group as small as possible to protect the rights of both parties and to ensure confidentiality;
 - c. Complete the investigation promptly. If the complaint is not supported, that decision will be carefully explained to the complainant and alleged harasser. If the complaint is supported, such action as is necessary shall be taken to admonish the alleged harasser, alleviate the complainant's concerns and prevent further harassment;
 - d. If a student believes that he/she is harassed by an adult in school, the student should immediately report the incident to the school administration;
 - e. If the conduct involves a violation of law, the matter will immediately be reported to the Principal.

SPECIAL EDUCATION SERVICES

Before a student is referred for Special Needs Services, a variety of practices and supports must be tried, and the results of the attempted strategies must be documented as part of the student record and the evaluation information available for review before a child is referred for evaluation. A child may be referred by a teacher, parent, counselor, or principal for an evaluation to determine eligibility for special education. If it is determined that the child will be evaluated, the evaluation must be sufficiently comprehensive to identify all the child's special education and related service's needs. Assessments regarding the suspected disability, educational status and progress in the general curriculum, and the results of school and state tests will be part of the evaluation. In general, any assessments in any areas necessary to determine eligibility, to reveal how the disability impacts educational progress, and in order to assemble information needed to develop an appropriate Individual Education Program will be included.

An Individualized Education Program (IEP) Team will collect and examine all relevant information and will make a judgment on whether the student is making effective progress in the general education program, whether the lack of progress is a result of the disability, and whether the student requires specially designed instruction in order to make progress. The Team may find a student eligible for special education services or may make a finding of no eligibility. If a student is found eligible for special education services, an IEP will be developed to address the unique needs of the student with a disability. The IEP will form the basis for the placement. If the student does not have a disability, does not show a lack of progress, does show a lack of progress but it is not due to a disability, or does not require special education then the Team will make a

finding of no eligibility. As a matter of good educational practice, the Team will discuss the appropriate next steps to ensure that any identified problems or concerns are addressed. Processes are in compliance with the Federal Individuals with Disabilities Education Act (IDEA), the MA Chapter 766 regulations, and the MA Education Reform Act.

SPECIAL SUBJECTS

Art, Music, PE/Wellness and Information Technology are taught by our specialist staff. The art curriculum provides an introduction to many media and a development of expression through these media. Students have many opportunities to use a variety of materials and techniques as they learn to appreciate and create art in its many forms. Student artwork is often framed and displayed in the schools. Vocal music provides an added method of self-expression and an appreciation for the cultural heritage of the country. The program is developmental in nature and provides a broad experience with music theory, rhythm, song, instruments, and dance. Chorus is part of the grade 4 musical program. Wellness education promotes gross and fine motor skill development; includes coordination and social interaction activities. The DESE health standards are also addressed at each grade as part of the wellness program. Information Technology includes Library.

STUDENT ASSESSMENT

Individual student assessment is an ongoing part of the total educational process. A variety of evaluative tools and techniques are utilized.

Students in grades K-4 receive report cards three times per year. In addition to the academic areas, students are assessed in effort, conduct, habits, and attitudes. If a student is experiencing difficulties during any marking period, the parents will be contacted. Individual Writing Portfolios, containing samples from each grade level, provide a continuous record of progress. Two to three times per year, students are assessed using benchmark tools to measure their reading and math progress.

The Massachusetts Comprehensive Assessment System (MCAS) is a state-mandated testing program. MCAS assessments will be administered as follows: ELA Reading Comprehension and Math in grade 3 and Language Arts (including a long composition) and Mathematics in grade 4. Parents will receive individual MCAS student reports as the MA DESE provides them to us.

STUDENT COUNCIL

Students in grades 3 or 4 will be selected to serve on student council to discuss and decide important school-wide issues. Student Council members are held to behavioral and academic standards. They may be removed for any violation of school policy, school rules, or at the discretion of the administration.

STUDENT PLACEMENT

The process of assigning students to a particular class is one, which involves many factors before an ultimate decision is made by the principal. In addition to receiving input from the teachers and other school personnel, parents are welcome to share information, which may be relevant to their children's placement needs. Parent Information Sheets are not used to request specific teachers. They are sent home during the spring and should be returned to the office. Placement letters will be mailed home for students entering grades Kindergarten through 4 on or before August 15.

STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) and the Massachusetts Student Records Regulations ("Regulations") together provide parents and eligible students (those who have reached the age of 14 or who have entered ninth grade) certain rights with respect to the student's education records. A general overview of those rights is provided below. Parents and students may obtain a complete copy of their rights under the Massachusetts Student Record Regulations by sending written notice to the Superintendent of Schools.

- a. The right to access the student's education records. Parents or eligible students should submit a request for access to the school principal. Access is generally provided within ten days of a request. However, Massachusetts General Laws c. 71, §34H provides specific procedures that must be followed prior to release of records to a parent who does not have physical custody of a child. These procedures include submitting a written request and other documentation to the principal on an annual basis. Information about these procedures can be obtained from the school principal.

b. The right to request amendment of the student's education records. Parents or eligible students should direct requests to the principal, clearly identifying the part of the record they wish to have amended and why.

c. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA and the Massachusetts regulations authorize disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests in the records. Such school officials include professional, administrative and clerical staff who are employed by or under agreement with the Hanover Public Schools and who need access to a record in order to fulfill their duties. The Hanover Public Schools also disclose student records without parent/eligible student consent to officials of other elementary or secondary schools in which a student enrolls, or seeks, intends, or is instructed to enroll upon receipt of a request form such school officials.

d. In addition, the Hanover Public Schools has a practice of releasing directory information without consent. Directory information consists of the following: the student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of athletic teams, class, participation in recognized activities and sports, honors, and awards, and post-high school plans. In the event a parent or eligible student objects to the release of any of the above information, the parent/eligible student may state that objection in writing to school principal. Absent receipt of a written objection by October 15 of each school year, the directory information will be released without further notice or consent.

e. As required by federal law, the Hanover Public Schools routinely releases the name, address, and telephone listing of secondary school students to military recruiters and to institutions of higher learning upon request. In the event a parent or eligible student objects to the release of any of the above information, the parent/eligible student may state that objection in writing to the school principal. Absent receipt of a written objection from the parent or eligible student by October 15 of each school year, this information will be released without further notice or consent.

You have the right to file a complaint concerning alleged failures by the District to comply with the regulations and laws governing student records. Complaints may be filed at the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148. In addition, complaints relative to federal statutes and regulations governing student records may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC.

TARDINESS

A student is tardy after the opening times stated under school hours (See SCHOOL HOURS). Students who accumulate eight (8) or more tardies in any one marking period or three (3) or more in one month may receive written notification from school administration.

TOBACCO POLICY

The Education Reform Act of 1993 prohibits the use of any tobacco products within the school buildings, the school facilities, on school grounds, or on school buses by any individual.

TOYS

Students are asked to keep all toys, including electronic devices at home unless requested to be brought in to school by a teacher for a specific project.

VISITORS AND VOLUNTEERS

In order to maintain a safe and secure school environment, all doors will be locked during school hours. Visitors should report to the school office immediately upon entering the building and should sign in at the office. The office staff will assist/announce visitors.

Parents often volunteer at school as classroom helpers, room parents, library assistants, or field trip chaperones. All volunteers must have an up to date CORI done with the Hanover Public Schools in order to participate at any school event. Volunteers should also sign in before starting their tasks. Visitors and volunteers are asked to wear an identification badge while in the school.

Sometimes media (such as newspaper, television, radio, or cable) reporters or photographers would like to be involved in activities in our school. Having a picture in the paper for participating in a program is usually acceptable to parents, but occasionally, for legal reasons, it is not prudent. There may also be occasions where student class lists are provided to "PTA Room Parents" to be contacted for school events.
