Field Trip – Relevance to Curriculum

Field Trips should be designed and planned as one of an array of multiple and varied opportunities for students to gain and apply knowledge and understanding of contents, concepts and skills. Field Trips should be educational, academic experiences which:

1. Directly relate to the curriculum standards being taught;
2. Enhance learning;
3. Motivate and engage learners;
4. Enrich the curriculum;
5. Extend the learning;
6. Offer source of facts and new learning materials not immediately available in the classroom/school.

Field Trips – Safe and Valuable Experiences

In addition to the obligation to plan educationally sound field trips, is the serious obligation to ensure that all field trips are safe, secure, and viable learning experiences. Field trips should be designed and planned to:

7. Begin and end within the limits of the times that the children who are participating would usually be in session in school to ensure safety;
8. Avoid potential risks;
9. Include a well-planned schedule of events;
10. Meet the learning needs, development levels, and learning profiles of students;
11. Include accommodations and/or modifications for those in need.
