Re: New Student Activity Account Authorization

This year, a student from Hanover High School has advocated to form the ECO Club under the leadership of staff member, Mike Paton, who will serve as the Club Advisor.

This club was approved at the school level by Principal Narros.

During the club establishment process, this proposal was submitted by the student and

advisor: *Brief proposal and description*

\* *See Attached*

Tonight, we respectfully request a vote to approve adding the Hanover High School Hawks Eco Club to the High School Student Activities Account.

Re: New Student Activity Account Authorization

This year, a student from \_\_\_\_\_ School has advocated to form the \_\_\_\_\_ Club under the leadership of staff member, \_\_\_\_\_, who will serve as the Club Advisor.

This club was approved at the school level by Principal \_\_\_\_\_.

During the club establishment process, this proposal was submitted by the student and advisor:

We propose an after-school Eco Club to provide a resource to enhance students' and community members' knowledge on climate change, sustainability, and environmental issues. We plan to engage in after-school meetings, revolving around: plans for fundraising, speaking on matters important to our community and ourselves, and planning town clean-up events. We plan on fundraising to support and spread awareness about environmental causes. One of our immediate goals is to plan a beach clean-up revolving around earth day, to spread awareness about the use of single-use plastic and littering. We want our club to be a place to recognize the importance of keeping our earth healthy and inspiring our community to do so; recognizing the impact we can make on the earth.

Our group plans to meet after school on Fridays, around 2:35 - 3:20 PM. Ideally, meetings would start as soon as possible, and our first clean-up would follow soon after. We plan on the first meeting revolving around getting to know each other and creating some goals as a group. Our club is open to all students and staff, to encourage learning and growing as environmentalists.

Tonight, we respectfully request a vote to approve adding the Hanover \_\_\_\_\_ School Hawks \_\_\_\_\_ to the \_\_\_\_\_ School Student Activities Account.
