Dear Steve,

Congratulations! After reviewing proposals and personal interviews with the four finalists, the Hanover School Building Needs committee has finalized the selection process and chosen PMA for the Hanover School project. Firms were rated in the following order.

1. PMA Consultants
2. R.F. Walsh Company
3. Turner Construction Company
4. URS Corp

All four firms demonstrated a solid background in Project Management expertise and we appreciate the time that each firm took in preparing proposals and interviewing for the Hanover School project.

We will contact you next week to conduct fee negotiations and discuss next steps.

Sincerely,

Chris Martin  
Chair  
Hanover School Building Needs Committee
