Dear Center Families:

Every year, each public school and school district in Massachusetts receives a report card. Just as your child's report card shows how they are doing in different subjects, the school's report card is designed to show families how our school is doing in other areas. A link to our school's report card is available at [2023 DESE School District Report Cards](#).

The report card includes multiple measures of a school's performance – more than just MCAS scores. It represents a new way of looking at school performance by providing information on student achievement, teacher qualifications, student learning opportunities, and more.

Report cards are designed to be valuable tools for everyone connected to our school. Families can use the information to have meaningful conversations with us about what the school is doing well and where there is room for improvement. Community and education leaders can use the information to understand better how to support students and our school.

To improve student performance in our school, we continue to use our district-level measures to measure and monitor student progress in mathematics and ELA and plan instruction that meets the needs of all learners to achieve the highest level of progress in each grade. We see parents/guardians as critical partners in the success of our students and school, and we are grateful for your continued support.

If you have questions about our school's report card, would like to become involved in school improvement activities, or would like to request information about the qualifications of your child's classroom teacher, please contact Mrs. DeGrenier. To see our district's report card or to search for other schools' report cards, visit the [report cards website](#).

Sincerely,
Jane DeGrenier
Principal
