Center School 2022 - 2023 Student Supply List

Each year parents ask what is needed for students when they return to school in September for school supplies. While the School Committee has voted for a budget that provides general supplies to all students, some of the items listed for your child's grade level may be purchased for the start of school. We provide you with this list as we know many stores run back-to-back school sales. Please know that all students will have everything they need for school supplies when they enter in September.

The items listed would be greatly appreciated by the classroom teacher to enhance their classroom supplies and are strictly optional. Thank you for your continued support.
