It can be daunting being a parent in these digitally driven times, where our kids were born natives and as parents, we're desperately trying to keep up. The Hanover community welcomes Katie LeClerc Greer, a nationally recognized digital safety expert, to update parents on the latest tech trends, safety issues, and tips on how to help our kids have a productive, healthy relationship with technology. Katie will be presenting to Hanover students in grades 5-12 in school, so this unique opportunity is for PARENTS ONLY. Come learn what's new, what's now, and what's next when it comes to your kids and technology.

Katie L. Greer is a **keynote speaker and internet safety expert** who helps kids, teens, and adults understand the impact of social media and technology.
