# WHY JOIN THE CUB SCOUTS?

## OUTDOOR ADVENTURES

Camping and hiking are just a couple Scouting outdoor experiences that but Cub Scouts are outdoors for many other adventures. Cub Scouts helps gets kids off electronics and back outside. Plus we make lifelong friendships along the way!

## OPPORTUNITY TO TRY NEW ACTIVITIES

The Cub Scout program gives the children opportunities to try new activities. One of the benefits of Cub Scouts is that they'll be introduced to activities that they may not otherwise do on our own.

## LIFE SKILLS

Scouting programs might be best known for the leadership and life skills they instill in youth. Young children learn life and safety skills, to make decisions, and to inspire others.

## CHARACTER DEVELOPMENT

Cub Scouts build character through hard work and dedication. The scouts participate in activities that are specifically designed to teach and build good character.
