

2022 FACE Summer Enrichment & Recreation Programs Weekly Update

Thank you for your continued support of our 2022 FACE Summer Enrichment & Recreation Programs! Registration will close Friday, June 3rd for enrollment processing. As a reminder, classes/programs that do not meet their minimum enrollment will be cancelled.

Registration for Creative Cuisine will close on Wednesday, April 6th. All registrations received prior to April 6th will be included in a lottery to determine student participation. The lottery will be conducted the week of April 11th.

Notification of class enrollment or wait list status will be emailed the week of April 25th.

Kids Summer Track is still in need of volunteers. If interested, please reach out directly to Ms. Callie Hoadley, choadley@hanoverschools.org.

CLASS/PROGRAM SPOTLIGHT

In 3D Art & Ceramics, students will explore three-dimensional art-making using clay and other media. They will learn hand-building techniques with clay including pinching, coiling and slab-building. Fun projects will be created while learning the technical qualities of this very forgiving media. All clay projects will be glazed and fired. In addition to clay, sculpting techniques will be investigated using a variety of three-dimensional media including natural materials, found objects, wire, wood, paper mache and reused-recycled materials.

Classes/Programs with a Current Waitlist

Session 1:

- Silly Science, Grades K – 1
