Hanover, MA 02339

Dear Members of the Hanover School Committee,

We, the undersigned, pursuant to Hanover School Committee Policy File KEC, formally request that the pilot curriculum material known as "ADL Peer Training Student Manual" be withdrawn from school use immediately and remain out of use. We are a group of intelligent, educated parents who have reviewed the ADL manual. We have concluded there are numerous micro-aggressions hidden throughout the manual. While the manual has many pages that are valuable, we believe presenting it in its current entirety will be implementing explicit bias towards many groups of students in our schools.

Sincerely,

Lisa Rodrigues Adams

Dear Members of the Hanover School Committee,

We, the undersigned,

pursuant to Hanover School Committee Policy File: KEC, namely "Public Complaints about the Curriculum or Instructional Materials,"

formally request that the pilot curriculum material known as "ADL Peer Training Student Manual," consisting of 312 pages, be withdrawn from school use immediately, and remain out of use until such time as a review and reevaluation as set forth in this Policy KEC has been completed and a report acceptable to the undersigned is provided.

While the Manual has many redeeming values, the undersigned find that disturbing and biased concepts are inserted in numerous sections, concepts that are inappropriate for presentation to students.

On page 245, Systemic Racism is defined as "grounded in the history of our laws and institutions which were created on a foundation of white supremacy". This, and subsequent definitions throughout the Manual are offensive, and exhibit an obvious bias on the part of ADL, calling into question many sections of the Manual.

Should you require additional examples of Manual contents which appear to be outside the realm of "student's right to learn and freedom of teachers to teach," we will provide them upon request.
